- Document Vault
- Market Data Feeds

EVERYTHING YOU NEED TO MANAGE YOUR FAMILY OFFICE OPERATION

FINANCIAL DATA AGGREGATION

Financial data aggregation for all your liquid/illiquid investments, income and expenses is simplified to save time and reduce error.

PORTFOLIO PERFORMANCE

Track investment accounting and performance reporting within a single platform.

INTEGRATED GENERAL LEDGER

Accurate transaction-level data across all asset classes and full G/L reporting.

PARTNERSHIP ACCOUNTING

Powerful accounting, allocations and look-through reporting for complex partnership structures.

CHECK PRINTING/ BILL PAY

Print single or multiple checks for an account with an audit trail. The AV platform supports integrated Bill Pay platforms such as Bill.

AV EDGE

Make super quick, informed financial decisions on the go with instant AI-powered investment insights and key portfolio reporting analytics.

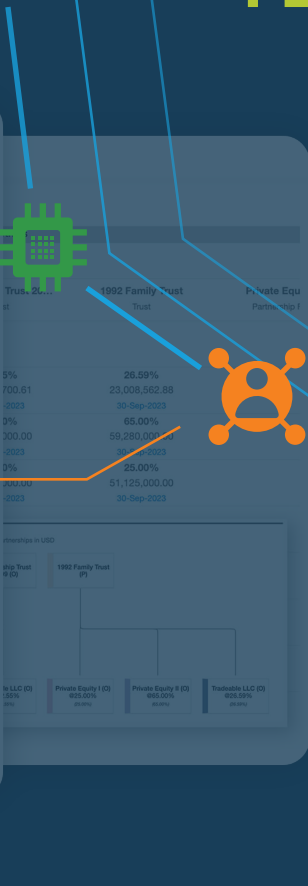

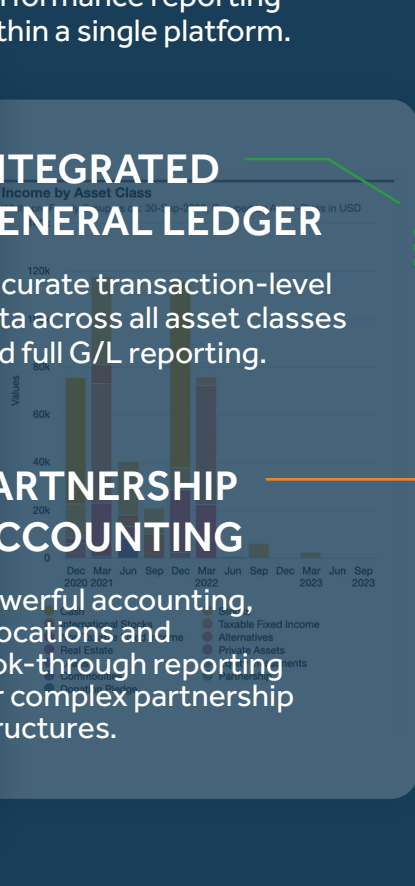

DATA SECURITY & PRIVACY

The AV platform is built on a foundation of total data privacy and best-in-class security.

DOCUMENT VAULT

AV's Document Vault feature allows you to securely upload, tag and save important documents to any specific transaction, investment holding or entity.

FEATURES

AV PRIME

A managed book-keeping and financial reporting and reconciliation service on top of the powerful AV Pro SaaS platform.

IMPLEMENTATION

We hand hold our clients through full implementation reconciliation and training with our in-house and partner driven implementation teams.

ONGOING DATA MANAGEMENT

Our Financial Reporting Service (FRS) offers a single window service for data aggregation, posting, managing liabilities positions and reconciliation across both liquid and illiquid assets classes.

RECONCILIATION AND AUDIT

Conducting a data audit every month, especially before the reporting cycle, not only gives you a peace of mind but also ensures that your finance team is not scrambling for data at tax time.

We do the heavy lifting so families can focus on their business.

SECURITY

Secure & private environment with zero up-front technology infrastructure spend.

Only you get to decide who gets access to your data. Internally you can create unlimited number of users and define role permissions to restrict or limit access and user rights. User activity and audit trail features add an extra layer of monitoring.

powered by  All data is hosted on a Virtual Private Server (VPS) on Amazon Web Services.

No copies of your data are created without your knowledge. Customers can setup periodic backups to a secure location.

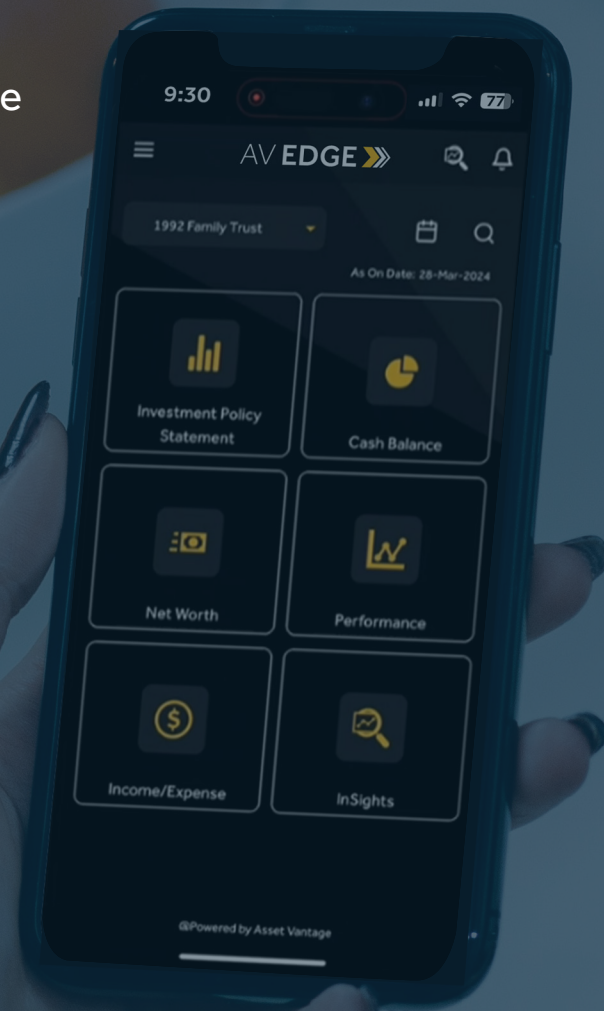

GET AI TO QUERY YOUR OWN DATA WITH **AV EDGE**

Instant AI-powered answers, detailed insights, and endless possibilities for Families and their trusted advisors - through a simple text query to your AV license!

- Track investment performance
- Analyze portfolios
- Project cash flows
- Track income, expenses, and more!

AV EDGE >>>

AV Edge is available for subscription for AV Pro Single Family Office customers.
